Read the text – the Olympic symbols

The **Olympic symbols** are flags, the flame and fanfare. There are also other symbols like mascots, salute, medals or kotinos (an olive branch). The **motto**, which was proposed by Pierre the Coubertin, is **(Faster, Higher, Stronger)**. The symbol of the Olympic Games is composed of **five interlocking rings**, coloured blue, yellow, black, green, and red on a white field, known as the (Olympic rings). The symbol was originally designed in 1912 by **Pierre the Coubertin**. The ring colours with the white background stand for those colors that appeared on all the national flags that competed in the Olympic games at that time. Now, it is said that they represent the five parts of the world.
